CAREER OBJECTIVE

I am seeking an entry-level position where I can utilize and enhance my skills in the field of computer technology. I am open to various roles such as tech support, staff, or any other job that aligns with my interests and allows me to contribute effectively. I am looking to join a company that values growth, encourages skill development, and allows me to deliver excellent service.

WORK EXPERIENCE

Hacktiv Colab Inc. | Application Developer Intern

July 2022 - September 2022 | 300hrs

- Developed a To-do list application using Microsoft Power Apps and SharePoint.
- Enhanced functionality and user management in Work Nicely Admin, a Human Resource Management app.
- Implemented new features and conducted quality assurance testing for Work Nicely Admin.
- Optimized the user interface of Work Nicely Admin for improved user experience.
- Improved Customers Management by enhancing visual presentation and adding missing description indicators.
- Streamlined leave request functionality in Work Nicely v2, including leave type filtering and cancellation process.

Bestchoice Packaging Inc. | IT Technical Support Intern

December 2018 - January 2019 | 80hrs

- Tested and troubleshooted VGA cords, printers, and computer internet connectivity.
- Conducted troubleshooting for disconnected internet connections and installed anti-virus software.
- Disassembled system units and tested computer accessories such as mouse and keyboard.
- Created and tested LAN cables (RJ45) and UTP cables for network connectivity.
- Assisted in the relocation of broken system units and assessed the usability of peripherals.
- Ensured proper functionality of computer peripherals and performed necessary repairs.
